

HYBRID™

STERAMIST | iHP™ | Ionized HYDROGEN PEROXIDE

INTEGRATED FACILITY DECONTAMINATION & PORTABLE STERAMIST® CONVENIENCE

Control localized decontamination zones easier than ever with the SteraMist Hybrid: Ceiling-mounted SteraMist applicators powered by a portable SteraMist generator.

Features stainless-steel ceiling applicators, a convenient connection hub for full decontamination control, and Environment System. Able to disconnect from the hub to treat any other space within your facility.
